

More About Us...

TVSD volunteers put in many hours increasing public awareness about search and rescue trained dogs. We visit schools, scout groups, agencies and community events to give informational and education presentations and demonstrations to educate people in the community about how to survive in the wilderness if lost and about how our teams are trained and utilized. Contact us for more information if you would like us to give a presentation or demonstration.

Our Purpose...

Treasure Valley Search Dogs is a 501(c)(3) non-profit organization. TVSD is an all volunteer group on call 24 hours a day to assist law enforcement and other emergency service agencies in locating lost or missing persons.

TVSD is committed to training and education in order to provide professional handlers and search dogs to the community. The specific purposes of the organization are:

- To furnish highly trained volunteer teams of dogs and dog handlers for search and rescue work for the benefit and welfare of the community.
- To organize and support the continuing education and training of dogs, dog handlers, and support personnel in accepted search and rescue methods.
- To increase public awareness of search and rescue trained dogs by providing informational and educational programs and demonstrations to institutions, agencies, and community organizations.

How you can help...

TVSD was founded in January of 2002 due to the need for a local reliable K9 SAR resource for law enforcement to call upon. You can help by joining TVSD. There are several different membership options. You may also help by making a monetary contribution to help us pay for training and equipment. If you would like to donate equipment or services, contact us for more information. Our members donate many hours to the community training themselves and their K9 partners, visiting other groups and going in the field on searches. We pay for all our own training and equipment.

Memberships:

An Affiliate member supports TVSD with a monetary contribution of \$25 or more.

A K9 Training member trains their dog to become an Operational member, one that is called out on searches with their K9.

An Associate member helps out with activities such as fundraising or public events.

A Support member assists K9 handlers on searches and in training.
